*Nakoma*

Dear Future Member:

Greetings from the beautiful Sierra Nevada. Since its opening, Nakoma Golf Resort & Spa has earned accolades for its majestic Dragon golf course and dramatic Frank Lloyd Wright clubhouse. Our company was fortunate enough to purchase this stunning property in 2010, during the depths of the recession, at an advantageous price. Since that time, we have worked diligently to enhance the already superior year-round experience offered at Nakoma.

We are now excited to introduce a new way to own at Nakoma with the goal of passing along the benefits and value we received from our timely acquisition to you.

As soon as we purchased Nakoma, we began researching the best ways to offer real estate ownership and golf membership privileges. We discovered that equity residence clubs<sup>SM</sup> have been enthusiastically embraced at some of the world's most prestigious destinations for more than 20 years. We studied this form of ownership and became convinced that it's a real estate option that fits beautifully at Nakoma. Residence clubs allow busy couples and families to enjoy quality time together without the typical worries, responsibilities, and financial burdens of absentee ownership. It's a sensible, flexible, and carefree way to own real estate. We have further enhanced the appeal and value by incorporating lifetime golf privileges into our residence club.

Consequently, we are pleased to present The Residence Club at Nakoma. If you treasure quality time with your loved ones, desire an elegant vacation home on a spectacular alpine golf course, enjoy pampering hotel service, and want lifetime golf privileges -- all at a once-in-a-life-time price -- The Residence Club at Nakoma is perfect for you.

This Membership Information Booklet explains how the club operates, why the concept is so compelling, and how you can maximize enjoyment of your new home away from home. We're confident The Residence Club at Nakoma will reward you with the ultimate High Sierra lifestyle and exceed your expectations. It's a beautiful way to live and a smart way to own. We invite you to join us.

Warm regards,

Ryan M. Schoff

## Questions and Answers...

### **What is The Residence Club at Nakoma?**

The Residence Club at Nakoma is an equity residence club™ providing members shared ownership of charming, fully furnished Frank Lloyd Wright-inspired residences within the prestigious Nakoma resort community. Members lodge in meticulously appointed residences tucked among the trees along the 10th fairway of the highly acclaimed Dragon golf course. The Club staff ensures worry-free ownership and hassle-free vacations.

### **As a Club member, do I have golf privileges?**

Yes. Residence Club members and their spouses have full golf membership privileges at the prestigious Dragon golf course. While in residence, you pay no green fees or cart fees. A golf cart is stationed at your Club Residence during each Club vacation for use on the course and for intra-resort transportation. If you are not in residence, you and your spouse still have golf privileges and pay only the cart fee.

### **Do Club members own real estate?**

Yes. The Club's residential real estate is held by the Residence Club Association for the benefit of the Club members.

### **How many memberships will be sold?**

There are only eight Club memberships per every 52 weeks available in each Club residence. Each member enjoys frequent and flexible lodging privileges throughout the year. Current plans call for 42 memberships in Phase I and 32 memberships in Phase II.

### **Can more than one family or individual share a single membership?**

Yes. Individuals can form legal entities to control a membership. It will be up to the joint members to select a Designated Member who can reserve lodging for that membership in compliance with the Club's reservations policies and enjoy golf privileges.

### **Have residence clubs been developed in other prestigious destinations?**

Yes. The concept was introduced more than 20 years ago and has been enthusiastically embraced by affluent buyers at premier resorts such as: Aspen, Vail, Telluride, and Steamboat Springs, Colorado; Deer Valley, Utah; Palm Springs, Napa Valley and Lake Tahoe, California; Tucker's Town and Southampton, Bermuda; Los Cabos, Punta Mita and Huatulco, Mexico. There are also residence clubs in Manhattan and Italy. Each of these residence clubs is owned and operated much like The Residence Club at Nakoma. The creator of the residence club concept is part of the Nakoma team.

### **What are the advantages of residence club membership?**

Residence clubs combine the benefits of vacation home ownership with resort amenity privileges and hotel services. Residence club membership provides generous and flexible vacation use, removes the worries typically associated with absentee ownership, and significantly reduces the financial burden. The Residence Club at Nakoma provides the added benefit of lifetime golf privileges at The Dragon golf course.

**WHEN YOU'RE NOT PLAYING GOLF:** The highly acclaimed Dragon golf course is the star attraction at Nakoma but Club members also enjoy fine dining, the spa, fitness center, bocce ball, or simply strolling the beautiful grounds via the neighborhood forest trail system.

**LAKE AND RIVER FISHING:** The only lines you'll see at Nakoma hang from the end of your fishing rod. Residence Club members have easy access to superb fly fishing on the Feather River or they can test their skills at one of the many alpine lakes in Plumas County's famed Lakes Basin.

## Questions and Answers Cont'd...

**SWEET DREAMS:** The Club residence bedrooms feature Frank Lloyd Wright-inspired design and a full complement of amenities. An invigorating day of activities and crisp mountain night air guarantee a restful sleep and a great start to the next day.

**SPACIOUS MASTER BATHS:** The master bath in your Club residence is the perfect blend of form and function. Whether you're lounging in an opulent bubble bath or showering with the day's first light trickling through stained glass, you will love the experience.

### **As a member, how often can I vacation at my Club?**

As often as you wish, subject only to the Club's reservations policies and availability. Members have the flexibility of reserving Planned Vacations well in advance and also visiting on a short-notice basis. Each year, members may reserve 21 days of Planned Vacations in advance. This leaves abundant additional occupancy for space available vacations during the year. If all members use their club equally throughout the year, each would enjoy a minimum of three weeks during a typical golf season and a total of six weeks annually. However, there is no limit on use. If some members visit their Club less, others can visit more.

### **Is The Residence Club at Nakoma a typical timeshare?**

No. Timeshare is typically the right to use only a specific week or weeks and lodging is limited to a specific residence. Residence Club members have access to all Club residences within their membership category (Studio, One-Bedroom, Two-Bedroom), with the right to unlimited use during all seasons, subject to the reservation policies and availability.

### **Will Club members always stay in the same residence?**

No. To provide the greatest flexibility and availability, members have equal access to all Club residences within their membership category (Studio, One-Bedroom, Two-Bedroom). Requests for specific Club residences will be granted when possible.

### **What if the number of members wishing to stay at the Club exceeds the number of residences available?**

The Club is designed to equitably allocate vacations when demand for lodging may exceed supply. A rotating priority system ensures all members will have equal access to high-demand dates over the years. This system has proved fair and equitable for more than two decades.

### **Can Club members reserve more than one residence during the same time period?**

Yes. Because Club members are not restricted to a particular residence, they can reserve more than one residence at any given time, if sufficient residences are available. This is a membership benefit unique to residence clubs that allows Club members to host family reunions, large gatherings of friends, or corporate retreats.

### **Can Club members send guests to enjoy Club vacations?**

Yes. Members may invite unaccompanied guests to use any of their confirmed Club vacations without a guest fee. Additionally, two unaccompanied guests in residence have full golf privileges during their stay.

### **Can Residence Club members rent a portion of their vacation time?**

No. The Residence Club has been created for the benefit and enjoyment of members and their guests only.

**ON THE FAIRWAY:** Each Club residence is magnificently located along the picturesque 10th fairway of The Dragon. The outdoor deck is the perfect place for a late afternoon recounting of the day's adventures.

**GRACIOUS LIVING:** Your Frank Lloyd Wright-inspired Club residence is as comfortable as it is appealing. Your appreciation for its character, convenience and location will grow with each Club vacation.

**TAMING THE DRAGON:** While the dramatic mountain vistas and unparalleled scenery remain the same, the Robin Nelson designed, 18-hole, Par-72 championship golf course has been subtly altered to accommodate a broader range of golfers. Bunkers have been removed and reshaped, fairways have been widened and some greens (like the formerly daunting #12) have been redesigned.

## Questions and Answers Cont'd...

The Residence Club Board of Directors reserves, as permitted in the Declaration, the right to alter these Reservation Privileges from time to time as conditions warrant. Changes that intentionally discriminate against any Membership Category are not permitted. In the event there is a conflict between the Declaration and the Reservation Privileges, the Declaration will control.

**Third Planned Vacation** – After the First and Second Planned Vacations are confirmed for Members, Members are confirmed for up to seven additional consecutive days. When demand for certain dates exceeds lodging supply, Members with the **lowest** Reservation Priority Numbers will be confirmed.

By January 15th, written confirmation of the Planned Vacations is sent to each Member. Additionally, a reservations calendar will be available indicating the remaining available dates. Members who reserved less than three Planned Vacations will then have the opportunity to make additional

reservation requests after January 15th on a first-come, first-served basis. These reservations will be made for days shown to be available on the reservations calendar.

After February 1st, Members may make Space Available Reservations for the upcoming Club Year that begins April 1st.

**Internal Exchange of Planned Vacations** - Members may exchange their confirmed Planned Vacations or portions thereof with other Members. After Planned Vacations for Members have been confirmed, Residence Club Management will use its best efforts to facilitate exchanges and exchanges can also be made directly between Members.
